

Style that lasts

The Vision 1m Steplift is designed to be as robust as it is stylish, and is therefore an ideal option for both internal and external application both in private and commercial spaces. The pump unit is integrated within the lift, eliminating the need for a separate control unit location

Low maintenance requirements and **easy access to the pump** for servicing means your Steplift will provide reliable and efficient access for many years to come. The Vision 1m Steplift is also designed for rapid installation in just 5 hours and may be **relocated** offering great flexibility for the future.

Why choose Pollock Lifts?

We have been specialising in lift access since 1983 and understand our customers' needs and concerns.

When mobility access is required it raises many important questions and practical issues that our team are experts at solving. Our highly trained support team are here 24 hours a day to respond to your needs, wherever you are located.

As leaders in state-of-the-art lift technology, our versatile range of access solutions are designed to be elegant and fit easily into your environment, providing seamless access and ensuring the ultimate in comfort and safety for its users.

“The Steplift by Pollock Lifts is perfect. The wide range of options means it fits with our decor which is fantastic!”

The Vision 1m Steplift

The elegant solution for independent access

A functional and stylish lift to compliment any modern space

Exceptional safety and functionality without compromising on style

- 280kg capacity
- Up to 1m of travel
- Access between 2 levels
- User plus attendant
- Wheelchair or ambulant
- Internal & external
- Public or domestic access

The Vision 1m Steplift will compliment any environment, with a wide range of versatile options.

The Vision 1m Steplift is simple to operate and offers safe and reliable access for wheelchair and ambulant users. The lift is also battery operated allowing it to continue functioning in the event of a power failure..

The hydraulic drive, scissor-frame platform, capable of lifting up to 340kg, moves quietly between levels and is suitable for both internal and external environments. As with all Pollock Lifts, the Vision 1m Steplift has exceptional safety standards, exceeding requirements in many areas.

Key features that elevate this stylish solution include its elegant glazed silhouette and enhanced user experience with optional powered upper and lower gates, autodialler and voice annunciation.

12 Months Warranty

Our Vision Steplift comes with 12 months parts only warranty as standard. We also offer Extended Warranties up to 5 years covering you for all service and maintenance costs.
